- Think Up Research is a SEBI Registered Research Analyst and provides research reports, analysis, views and research recommendations based on its research activities. The Company does not guarantee profits or returns from any recommendation. The Client understands that research recommendations are subject to market risk and should be evaluated according to the Client's own financial objectives and risk profile.

- The first party shall provide the Client with the research services subscribed for by the Client. The Client understands that any profit or loss arising from an investment decision based on

research information or recommendation shall depend upon market conditions and the Client's own investment decision. Think Up Research shall not be responsible for any loss arising from the Client's investment or trading activity.

- Any confidential information, personal information or other information provided by the User/ Client to Think Up Research shall be handled in accordance with applicable privacy and confidentiality requirements. Think Up Research shall not intentionally disclose confidential Client information except where required for providing services, compliance, legal or regulatory requirements, or as otherwise permitted by applicable law.

- Think Up Research shall make reasonable efforts to provide the subscribed research services and related resources. However, temporary interruption, delay or unavailability of services may occur due to technical issues, maintenance, internet connectivity, third-party service providers, regulatory requirements or circumstances beyond the Company's reasonable control.

- The Client understands that electronic communication, online platforms and digital systems may be exposed to technical or security risks. Think Up Research shall take reasonable measures to protect Client information, but the Client shall also remain responsible for maintaining the confidentiality of his/her passwords, OTPs, devices and account credentials.

I undertake to abide by all Exchange rules, bye-laws, regulations and circulars as well as SEBI rules, bye-laws, regulations and other applicable notifications of Government and regulatory authorities as may be in force from time to time.

I give permission to Think Up Research to take any necessary action against me/us in accordance with applicable law, rules, regulations and regulatory requirements if I/we undertake any activity that deceives any investor or contravenes applicable Exchange, SEBI or Government rules, regulations or notifications.

Disclaimer: -We would like to inform you that Think Up Research provides research services, research reports, market analysis, views and research recommendations based on research activities. While we strive to ensure that the information and research provided is prepared with reasonable care and analysis, we cannot guarantee the accuracy, completeness, timeliness or future performance of any research information or recommendation.

The stock market is subject to fluctuations, volatility and various risks that may impact the performance of securities and investments. The performance of any security may differ from the

expectations expressed in research reports or recommendations due to market conditions, economic developments, company-specific factors, liquidity, timing, execution costs and other factors.

We strongly recommend that you carefully review and understand the risks associated with securities-market investments before acting on any research report or recommendation. It is important that you have a clear understanding of the potential risks and rewards and that you invest only according to your financial condition, investment objectives and risk tolerance.

Please note that Think Up Research does not guarantee any profit, return or protection against loss resulting from the use of its research services or recommendations. Any investment or trading decision made by the Client shall be the Client's own decision and responsibility. By using the research services, the Client acknowledges and accepts the risks associated with securities-market investments.

Thank you for your understanding and cooperation.
